BOHR ELECTRONICS LANDS CSX CONTRACT

CHATTANOOGA, Tenn., February 22, 2023 – Chattanooga, Tenn.-based Bohr Electronics was awarded a contract by CSX Transportation Inc. (NASDAQ:CSX) for fully furnished electrical cabinets for its GP40-3 locomotive rebuild program. Bohr Electronics will provide AC and HVC cabinet shells with new and remanufactured components during 2023.

“We’re excited that we can again partner with CSX to support this overhaul,” said Bohr CEO Dan Marks. “These Bohr-reengineered electrical cabinets will offer CSX reliable motive power for years to come.”
